

Wright Family

We started coming to the Oshkosh Gymnastics Center in 2003, when my twin boys, Kyle and Dylan, were four years old. They started preschool classes with Miss Debbie and then moved on to classes with Coach Dave. They stayed together in classes for three more years. Kyle is now in level 4 boys and wishes to compete in 2011. Dylan takes recreational gymnastics every week. Kyle and Dylan loved their classes so much, when their younger brother, Tyler, was four, he started classes with Debbie and then Coach Dave. Now the youngest boy, Bryant, has begun. He just had his first summer class with Coach Dave. All four boys love gymnastics, Coach Dave and everything he teaches.

Kyle loves the team classes, even the 6 hours a week he did this summer. He really enjoys the challenge and loves all the different boys he has met. Dylan and Kyle love the boys Friday night class. They have lots of buddies and are learning strength and coordination which will help them in all of the other sports they play. Tyler and Bryant are learning new skills also. All four boys love to tumble around our living room.

Jeff and I believe the Oshkosh Gymnastics Center and Coach Dave are wonderful influences on our boys. We truly feel lucky to have OGC in our city. Coach Dave is a wonderful role model for these boys. We love how he makes the boys look him in the eye and shake hands. He teaches the boys respect and gives them strength and courage. The OGC staff is very friendly and accommodating to all of the challenges we have with all of the activities the boys are in. We are very happy with everything the boys have learned here and are grateful to all who have taught them.

Jeff, Michele, Kyle, Dylan, Tyler and Bryant Wright
